FREIHEIT, DIE BEWEGT.

MADE IN GERMANY

AT HOME, ALWAYS AND EVERYWHERE

Your Eco-Conscious Mobile Luxury Retreat, Crafted for Malaysian Roads:

Embrace the fusion of premium German engineering and local adaptability with the Knaus Boxdrive 600XL, built on the robust MAN TGE chassis and optional 4x4 All Wheel Drive. Our camper van not only promises unmatched quality and resilience suited for Malaysia's diverse terrains but also leads with its environmental stewardship. Equipped with advanced Euro 6d engines, it dramatically reduces CO2 emissions, offering you a cleaner, greener way to explore. Despite its compact design, the interior boasts a surprisingly spacious layout with dual sleeping areas, delivering supreme comfort for both families and adventurers. Revel in the luxury of a sustainable home on wheels, and experience the freedom to explore nature without leaving a trace.

Comfortable Seating Area

Maximise comfort and space in your campervan with extendable plush seating that converts into a dining area, complete with a swivel table. Above, a retractable bed offers extra sleeping space without compromising daytime functionality. This blend of relaxation and practicality enhances your travel experience.

Adjustable Front Seating Space

Versatile front seats easily rotate to allow comfortable dining or create a spacious lounge area for up to four people, blending comfort with convenience.

Advanced Air Conditioner

The Truma Aventa Comfort Air Conditioner swiftly cools your vehicle to a pleasant temperature, while also purifying and dehumidifying the air to create an exceptionally comfortable indoor climate.

Well-designed Comfort Bath

The BOXDRIVE 600 XL bathroom adapts to your needs, featuring a swivel design that transforms from a spacious shower cubicle with hot water to a washing area. It includes a built-in bidet and toilet for convenience and hygiene, enhancing both comfort and functionality on the go.
